Dear Bryan,

On behalf of the National Multiple Sclerosis Society, Long Island Chapter, and the people we serve, I want to thank you for your recent contribution of \$4,000 through Rock Out Cures. This generous gift in support of the Chapter is greatly appreciated.

As you may know, the Long Island Chapter offers a variety of programs and services to more than 42,000 people with MS and their families throughout Nassau and Suffolk counties. The programs are critical to ensuring quality of life and advancement of issues important to people affected by MS.

While we continue to strive for a cure, we at the Society also recognize the importance of meeting the current needs of people with multiple sclerosis. From the moment of diagnosis throughout one's life with MS, the goal of the Society is to provide programs and services to enhance independence and alleviate crisis situations. Your gift is so important in making this work possible.

Thank you again for your commitment to the Society and to people affected by MS. Your generosity and foresight advance the Society's mission and inspire others to "join the movement" toward a world free of multiple sclerosis.

With appreciation,
